

ELEGANT. DURABLE. DISTINCTIVE.

ToughGate™ by CityScapes® offers expertly crafted gates and doors built to your specifications, budget and job site demands. We use only professional grade materials for years of maintenance free operation.

For stunning good looks, amazing longevity, and extraordinary first impressions, choose ToughGate™.

- MAINTENANCE FREE MATERIALS
- SHIPPED PRE-ASSEMBLED FOR FAST INSTALLATION
- WIDE VARIETY OF DESIGN OPTIONS

ToughGate™

ToughGate's™ innovative design makes field assembly fast and easy. All of our gates are shipped pre-assembled directly to your project site, accompanied by all required installation hardware. Our complete installation guides provide a clearly-defined process from start to finish.

Gates are available in heights of up to 14 ft* and widths of up to 20 ft** to accommodate almost any opening dimension.

* Maximum height determined by infill material and style selected.

** Contact a CityScapes® representative for details on our newest MegaGate options. Certain Height x Width limitations apply.

DOOR HANDLES

All ToughGate™ and Covrit® handles and hardware are powder coated and color-matched to the coordinating gate frame for superior aesthetics.

CUSTOM DESIGNS

Don't see a style or color that fits our plan? No problem. We can color match many of our gate options or allow you to create a fully custom design. Print your image directly onto the gate or laser cut an intricate design into your gate. Have another idea? Let us know. We love a challenge.

CRADLE HINGE OPTIONS - New and Retrofitted Installations

Choose from our fully adjustable hinge options. We recommend installation using our hold-open pipe hinge which offers a convenient and enhanced safety feature to “hold open” your gate; reducing injuries as well as damage to your property. Alternative hinge options to retrofit to your existing post or wall are shown below.

HOLD-OPEN PIPE HINGE

- Pre-welded steel construction
- Laser-cut rings nest and work together to provide a 100° hold-open gate position. Gate will automatically close prior to 100°.
- Adjustment slot in cradle to help level door on pipe.
- Grease fitting included
- Powder coated to match frame

ADJUSTABLE PIPE HINGE

- Pre-welded steel construction
- Adjustment slot in cradle to help level door on pipe.
- Grease fittings included
- Powder coated to match frame

BARREL HINGE

(retrofit for square post or wall mount)

- Set bolts in post included for setting gate height off grade.
- Pre-welded steel gate frame saddle to barrel hinge. Barrel hinge leaf side requires field welding to structure or can be made to bolt onto structure after engineering review.
- Powder coated to match gate frame
- Steel or Aluminum construction available (Material used is determined by weight)

PLATE HINGE

(retrofit for square post or wall mount)

- Set bolts in post included for setting gate height off grade.
- Pre-welded steel gate frame saddle to barrel hinge. Barrel hinge leaf side requires field welding to structure or can be made to bolt onto structure after engineering review.
- Powder coated to match gate frame
- Steel or Aluminum construction available (Material used is determined by weight)
