ENHANCE WHAT YOU ALREADY HAVE

TOWERS

NatureScreen® Towers are your all-in-one solution for vertical green design. These custom square or curved towers wrap posts, piers, or columns, transforming structures into vibrant living art. Strong enough to mount to wood, metal, or concrete, they support climbing vines that cool in summer and let light through in winter—bringing both beauty and performance to your project.

ENGINEERED FOR DURABILITY AND DESIGNED FOR FLEXIBILITY, THESE SYSTEMS MAKE IT EASY TO ADD LIVING DESIGN ELEMENTS THAT SOFTEN STRUCTURES AND ELEVATE OUTDOOR SPACES.

TURN BLANK WALLS INTO LIVING ARCHITECTURE.

TRELLIS WALLS

NatureScreen® Trellis Walls transform large-scale structures into living architecture. Designed to attach directly to façades like parking garages, they soften hard surfaces with greenery while adding scale, texture, and seasonal interest. Durable, low-maintenance, and architecturally adaptable.
