ENVISOR® Z-FIN

ROOFTOP & GROUND SCREENING

Envisor® Z-Fin system conceals rooftop equipment while maintaining ventilation and withstanding wind loads up to 180 mph. Its modular design scales easily for roof or ground screening applications, making it ideal for data centers, warehouses, and apartment complexes.

ROOFTOP SCREENING

54% OPEN AIRFLOW.

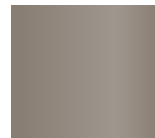

POPULAR, LONG-LASTING FINISHES

Electric Black

Silver Satin

Slate Gray

+ more Custom Colors and Additional Finishes

✓ WITHSTANDS EXTREME WEATHER CONDITIONS.

GROUND SCREENING

✓ CONCEALS EQUIPMENT WITHOUT TRAPPING HEAT.

ENVISOR®
