

Commercial Ground Screening: Why Choose CityScapes?

We're trying something new and would love to get your feedback! We've created a commercial ground screening infographic to provide the information you need to make the best decision when it comes to architectural screens and enclosures. Check it out below. Weigh your options and find out why CityScapes is the best solution for all of your screening needs. (*click below to enlarge*)

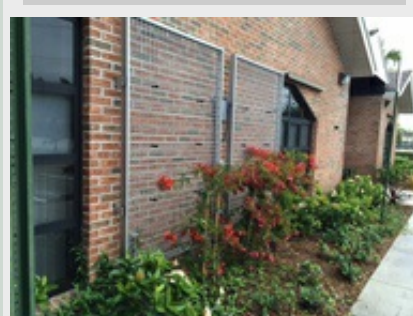

This month, CityScapes employees joined together to collect hats, gloves, scarves, sweaters, and blankets for those in need in Central Ohio. Volunteers of America's Give Warmth program provides a great service to our community. We are proud to be a part of this effort!

COMMERCIAL GROUND SCREENING

Typical Ground Screening Options

Brick & Mortar
most expensive

Wood
high maintenance

CMU
unattractive/costly

Chain Link
ugly/cheap

Nothing
non-compliant

Why Screen? Municode, etc...

Municipal Code Examples:

- Trash dumpsters shall be enclosed by a screening enclosure so as not to be accessible to the public.
- In residential, commercial, center and corridor, downtown, light industrial, and planned industrial zones, all garbage collection, dumpsters, recycling areas, loading, and outdoor storage or activity areas shall be screened from view of persons on adjacent properties and properties that are located across a street or alley.

Check your local ordinances - <https://www.municode.com/library/>

CityScapes Innovative Alternatives

Metal Series

Gates

ABS

Plankwall

Where to Use These Products

Dumpsters
